

The diagram illustrates a document layout with three distinct rectangular regions. The outermost region is a red dashed border. Inside it is a green dashed border. The area between these two borders is labeled 'Bleed Area' with a black arrow pointing to it. The central area, bounded by the green dashed line, contains the text 'BACK SIDE' in large, bold, grey capital letters. At the bottom of this central area, there are two labels: 'Safe Margin' in green text with a green arrow pointing to the bottom-left corner of the green dashed border, and 'Cut Margin' in red text with a red arrow pointing to the bottom-right corner of the green dashed border.
